### Another day of life in Romanipen

Johan Lundberg's most recent project is a documentation of the Roma, the people commonly referred to as gypsies.

In the spring of 2003 he set out to the Balkan peninsula commissioned by the Olof Palme International Center to produce a book and an exhibition on the Roma. With his base in Belgrade he traveled throughout the region, moving from one romani community to the next. Two and a half years later the book and exhibition is now ready. Published by Journal, the book features 65 black and white photographs over 154 pages. The exhibition opened November 26 on Galleri Kontrast in Stockholm, and will travel on to other venues, in Scandinavia as well as in the Balkans.

See more pictures from Johan Lundberg at page 3.

### Vi Magazine is publishing "Megachurches in America"

Prestonwood Baptist Church started out as a small – by Texas standards – church serving a few hundred faithful every Sunday. But as demand grew, so did Prestonwood. In 2000, they relocated to a huge, sprawling, multi-acre location that now serves the needs of tens of thousands of Baptists every week.

The complex features a huge sports area, a student center, a man made lake, a well-respected child daycare center and a café serving Starbucks coffee and Mexican food.

The idea of religion playing a role in people's lives is not new, but what is new is the idea that your church will provide you, your family and your friends with all of your cultural, entertainment, and personal health needs.

## Positiv+

**Photo: Pep Bonet**

Even in Africa, testing positive for AIDS is no longer a death sentence. Pep Bonet's photographs, eloquently illustrates how treatment with anti-retroviral (ARV) medicines is dramatically changing the lives of people living with AIDS.

Bonet visited six African countries where Medecins Sans Frontieres (MSF) is treating HIV positive patients: Angola, Ethiopia, the Democratic Republic of Congo, Kenya, South Africa and Zambia. POSITHIV+ presents a penetrating and impressive picture of people who had been written off, but managed to regain control of their lives. It tells a story of hope; hope for a better life.
